Thomson & Thomsons

YOUR TRUE KITCHEN COMPANION

Shri Ashok Shetty, the driving force

Thomson & Thomsons the most ideal choice

Thomson & Thomsons with 16 years of outstanding manufacturing, trading and servicing a full line of High-end Commercial Kitchen Equipments and Accessories is poised to serve with confidence the Indian and the Foreign Hospitality Service Centres with utmost satisfaction. T&Ts products are a perfect combination of innovative technology, design and great practicality and thus capable of providing total satisfaction in every aspect.

The showroom and factories located in Mumbai city

The two factories and the showroom are just eight minutes and 15 minutes drive from the Mumbai International and Domestic airports. The showroom has under one roof a wide variety of Stainless Steel Service Kitchen Equipments and Accessories for entire kitchen of a luxury hotel, a restaurant, a catering centre of a corporate office, or the bar counters of luxury hotel. The well trained, courteous staffs at the showroom are efficient enough to help the consultants of star hotels, directors, or owners of small or big hospitality institutions all alike.

A truly one stop solution centre

The variety of products displayed at the showroom include food service equipment. The products displayed in the showroom include food service equipment, bakery equipment, cutleries, crockaries, chaffing dishes, bar-ware acrylic items, induction plate, GN pans, commercial blenders, ice crusher, tea/coffee vending machines, slot toasters, coffee urn, vegetable cutter, weighing scales, display counter, bain marie (hot and cold), Combi Ovens, Gas Bank, Fire Suppression System, Cold Rooms, Dish Washers and many more items.

Designers working on Auto Cad

Design and development dept. with CAD facility enables the engineers to create each equipment with high degree of perfection, safety and durability.

A perfect centre for customers' delight

At Thomson & Thomsons the client comes first. And the company believes in having an everlasting relationship with their clients. "Once a client, always a client" Thomson & Thomsons provide their customers with high quality products as per their specifications at competitive prices and also supports them with excellent after sales service. Thomson & Thomsons undertakes Exhaust hood system with ducting, Gas bank with pipeline and also Annual Maintenance Contract for every kitchen equipment.

World-wide acceptance

Thomson & Thomsons products have Indian & International clients across the world for it's wide range of hotel service equipments and accessories.

At T&T relationships are built forever

In Thomson & Thomsons customers are treated as companions. They at T&T are willing to go an extra mile to help the customers realize their dream of a perfect kitchen, that's the reason why T&T is the first choice as "Your true kitchen companion" for all times.
